New Books For Your Library

The library has seen an influx of new books this year for every category in English and Spanish. The Friends of the Everman Public Library donated \$1,000 for new books, we also received a sizeable donation from Mrs. Patsy Andress (local resident), Half Price Books Momentrix Test Prep and the Hatchett Book Group (Little Brown).

The TexShare Card will be returning soon to the Everman Public Library.

Book Review - Yo No Soy Tu Perfecta Hija Mexicana

by Iliza Barrios

A book that some Mexican daughters can relate to and feel like Julia. Julia is the young sibling in the family and the different one compared to her big sister Olga. The two sisters got along and were close to on another how sibling should be.

Here is a summary of the book that I have read from Yo No Soy Tu Perfecta Hija Mexicana. Olga was a person very talented, and she would not use a drop of makeup, she was an old fashion person and attractive person. Sadly, she had accident that took her life away in seconds. Her death was occurred when she was walking from school, her mother couldn't pick her up due to a meeting she had with Julia's principle. Julia would always speak before she thinks and would lead her to always get in trouble. While Olga was walking from school she was on her phone and crossing the street and didn't see the red light to not walk. A truck driver with a big truck didn't see Olga cross and ran her over. Once the truck driver went to check on her, she was already had passed. The passing of Olga was hard on her mother, she didn't leave the bed and didn't shower nor clean the house like usual. Her death also affected her father, he never left the couch and become an alcoholic.

This is where some daughters can relate to Julia. Julia was the opposite of Olga, her aunts think she is demonic because Julia doesn't like going to church due to it being boring, she likes reading books during visiting times, she has her days. People compare her to her sister and blames her for Olga's accident. Julia knows Olga was popular, held the family together, even the most loved. She knows she not the perfect Mexican daughter like Olga was. But she tries her best to get through life without Olga. Make the best of you and shine out to prove them wrong. No one is perfect just unique in their own way.

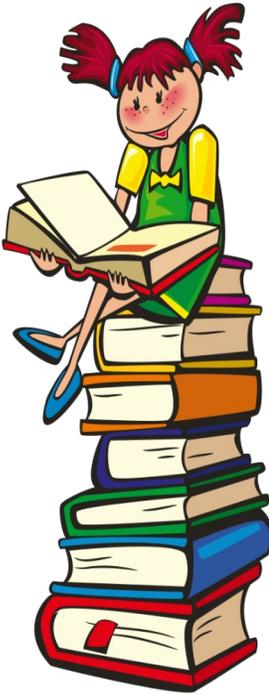

Reading Is Fundamental

By Sonja Kaiser

Reading is fundamental for all of us. It is an essential part of our everyday lives. Whether it is reading a traffic sign or just reading a good book. Because we have to read to get by in everyday life it is important for children to learn to read as early as possible. My earliest exposure to reading was when I was growing up and my grandmother would read to me on the front porch swing. When I was in school, I would go to the school library and check out books to take home. My church would always have a summer reading program where we could earn rewards for all of the books we read by the end of the Summer. Quite often I would get on the city bus and go to the Fort Worth Public Library to spend hours reading articles and looking for books to check out to take home. All of this contributed to my love of reading whether it be a book, a magazine article or the newspaper. To me reading a good book can be a temporary escape from everyday life. Reading can be informative and it can also be entertaining.

Someone once said, "Reading is a foundation where all else such as writing and speech grow". That is how important reading is.

When I think of the people who cannot read, it makes me realize how very fortunate I am to have been exposed to reading at a very young age. I am very grateful for all my early experiences and exposure to reading at a very early age.

Excuse Our Mess

Just like you clean your house, we also have to clean out our book collection in a process known as 'weeding'. Weeding allows us to clear space for the new books you want and expect to see on our shelves.

We have partnered with Betterworld Books to ensure the books can be put to good use.

So, if you see boxes lying around the place, please excuse our mess, we are making the library better for you.
